Please come join us as Stacy Scott and Ann Pinard-Missad team up to teach us the benefits of Doga and Canine Massage. Learn the correct way to stretch, relax, and massage with your canine companion. Doga/Massage can be a special bonding time for you and your dog. Experience the benefits of calming anxieties and relieving stiff/sore joints. This experience can make a positive difference for dogs with arthritis and joint pain by lubricating the joints. Nervous, fearful, separation anxiety dogs learn to calm and can gain confidence as they relax their whole body and mind, inside and out.

The Doga/Massage session has proven beneficial for young dogs to seniors, working, and non-working doggies. With gentle, non-invasive methods, Doga/Massage can help relieve pain, and fatigue by increasing circulation. No matter what your physical limitations, Stacy and Ann help you learn to relax as you teach your dog to relax, and Together you let go of today's stress. Dogs and people of all ages and sizes enjoy Doga/Massage together as Stacy and Ann share their skills.
